PAR to Provide Food Safety Technology for Retail Stores Worldwide

Walmart to Use PAR Cloud-based Software Solution for In-Store Mobile Terminals and PAR-Developed Temperature Measuring Devices Designed to Deliver Leading-Edge, Automated, HACCP Food Safety Program

New Hartford, NY – February 7, 2012 – ParTech, Inc. (PAR), a subsidiary of PAR Technology Corporation (NYSE: PAR), announced today that Walmart (NYSE: WMT) will utilize PAR EverServ® SureCheck and Temperature Measuring Devices for food safety measurement and check list management.

PAR EverServ SureCheck is a powerful Web-based tool for managing Hazard Analysis & Critical Control Points (HACCP) and inspection programs for retail and food service organizations. The SureCheck solution combines a PDA-based mobile application, cloud-based enterprise server and a fully integrated temperature measuring device to automate the monitoring of quality risk factors while enhancing associate accuracy.

"We believe Walmart's selection of PAR EverServ SureCheck reflects their confidence in our expertise to support complex food safety processes, in-store check list management and decision-support systems, as well as our ability to deliver a solid return on investment," said Paul B. Domorski, CEO of PAR Technology Corporation. "Walmart is a best-in-class retailer and we are proud to provide them a best-in-class food safety software and hardware solution. PAR has a history of customer relationships spanning more than three decades and we look forward to building a similar, long-term relationship with Walmart."
